1 Newwebsite February 2013

Maybe you already noticed it: the website has not been frequently updated since October. This is due to the fact that we are working very hard on creating a new website. Because of this we are not always capable to update the website. The release of the new website will be in February. From there on you can expect frequent updates from us again. If you have suggestions or questions about the process of the new website, you can contact the vice-president: vicevoorzitter@studentenruiters.nl.

2 Top results World Finals International

During the holidays the World Finals took place for the international student riders in Drøbak, Norway. The Dutch team was one out of six nations that qualified for the Golden League through the Nations Cups (SRNC) during 2012. For this competition the team was formed by Milou Anthonisse, Rosan Regtien and Saskia Schildkamp. They immediately showed what they had come for: in dressage they advanced as the only team in total to the next round. That already laid the foundation for the team, which then won a gold medal in dressage. Individual there was bronze for Milou and gold for Rosan. Rosan knew both in the individual test Z2-level as during the freestyle to music to get the best result.

In show jumping no individual medals were won, but the team reached a 3rd place overall. First and second place were won by respectively teams from Germany and Ireland. But the most important placements are the combined dressage and jumping positions. The last year it was always Germany that took that price home. But at the World Finals it was the Dutch team that took over.

A very good start for a new year. Especially because Rosan was first place in the combined, Saskia was sixth and the ninth place was for Milou.

But for student a tournament is not only for the prizes but also for the social aspect. The new year was celebrated during a rousing gala at which everybody joined together with champagne to celebrate the new year with their international friends. Again, The Netherlands was well represented, partly due to the large group of supporters who had come.

However, we understand if AB-members do not like this idea. Therefore, we offer you the chance to let us know. This can be done with an email to the secretary (secretaris@studentenruiters.nl). If you choose not to be mentioned, you can inform us until January 20. If you do not specify, we assume that this

Unfortunately I have onlyone, but it was a greatexperience, and I hope thatmany more will follow!

Why have youchosentostart riding student riderscompetitions?

RoughRidersfinally went toan SO,after a few yearsof notgoing, sol couldnot pass on that chance of course. AndridingKNHS competitionsalongsideyour studies, I finddifficulttomanage. So studentcompetitions are a verynicealternative.

Oh that's a toughquestion; I wouldlikesomuch. But itwouldbereally cool if I finallycould start Z2 on myown mare. Before I went to college I kept hanging in the Z1.

Which horse wouldyou wantto have?

Oh tough question, I really love a certain type of horse: good character, willing to work and a little solidly built for a dressage horse. But there are so many gifted horses in the sport, and Totilas is of course very impressive!

Is there a rider or other sportsman/-woman who inspires you?

I find Adelinde Cornelissen a real example of a great rider.

Do you have a kind of motto?

No, I don't really have a motto, but when it comes to horses I always think: as much variety as possible is the best training for horse and rider!

Mare/Stallion/Gelding?

Stallion is always cool, but for home just a mare.

Culinary dinner or stew?

Stew, because with fine dining you always get so little, and I love lots of food!

Ski or Sun holiday?

Ski holiday is always ideal because in the winter you can't ride as much anyway. Holiday in the sun is also delicious, but not too hot.

Jeans or suit?

Jeans.

Books, movies or TV?

Cinema, even though I do go to the cinema often.

Favorite drink?

Coebergh 7 is always delicious.

What is your favorite website?

I don't really have one, but when it comes to most viewed then I must say Facebook.

Do you have anything to say that's important to you, that you find annoying or anything else?

No not really, I'm very happy that I have been asked for the spotlight and hopefully there are many student competitions to come!

Do you have anything to say that's important to you, that you find annoying or anything else?

Annoyance 1: I'm so annoyed at the rules for the spotlight to pass it on. Find it deep in my heart that Martenique deserves it again, because she supported the riders so well last year,

Annoyance 2 ... SRNC Belgium still takes sooooo long!

I pass the spotlight on to Jurrien Brak. Why?

Since she joined us as a supporter in Norway and I do not know her yet!
